

SYDNEY

Special Children's CHRISTMAS PARTY

★ 20TH YEAR ANNIVERSARY ★

THE 2015 SPECIAL CHILDREN'S CHRISTMAS PARTY WAS HELD AT THE ROSEHILL GARDENS RACECOURSE ON WEDNESDAY THE 9TH OF DECEMBER. THE PARTY WAS A FREE EVENT FOR OVER 5000 SPECIAL NEEDS CHILDREN AND THEIR FAMILIES.

We would like to say a very big thank you to all the business sponsors who made this day possible. Also a special thank you to all the volunteers, the team at the Rosehill Gardens Racecourse, everyone who donated products, services and time, your support is greatly appreciated!

Dear Kind Sponsor

Over 5,000 children attended Sydney's largest Christmas Party for kids that struggle with serious illnesses, special needs, disabilities or suffer from unique challenges in their life.

They were selected by local schools and government, community and charitable organisations.

Sparky the Clown was the host of the party and kept the crowd pumped through the 4 hour stage show featuring local and national entertainers.

The children were treated to rides and entertainment, loads of yummy treats and new & exciting experiences. The highlight of the day for the children was meeting Santa and being treated to Santa's Toy room, where they each received 2-3 fantastic presents to take home.

Since the day we have received many messages from mums & dads that were overwhelmed by the generosity of the community that made this day possible for their children. Footage of the day can be seen on our Facebook page, www.facebook.com/sydneysccp

This day is fully funded by local businesses and organisations. We would like to say a huge THANK YOU to all our AMAZING sponsors, volunteers, and the team at Rosehill Gardens Racecourse - we couldn't have done this without your support.

Congratulations and MERRY CHRISTMAS to everyone that partnered with us this year to give these brave families a Christmas to remember. We're excited about what we can put together for 2016 and look forward to partnering with you once again!

Kind Regards and Merry Christmas,

Dan Stevens
Event Manager
